Our rain continues and there has scarcely been a ray of sunshine in nearly two weeks. The past three days have been cold and fire was necessary to comfort.

Our Arcadia neighbors started to oil their streets last Wednesday. But too much rain came and it was deemed best to delay further oiling until there was less moisture.

To Miss Irma, the talented daughter of Mr. and Mrs. Dr. Hugo Summa, of St. Louis, we are indebted for an announcement of the graduation of the Fifty-Second Class of Mary Institute, of St. Louis, June 4th, 1915.

The Jefferson County Bank at De Soto, of which the late O. M. Munroe was owner, has not opened for business since Mr. Munroe's death some two months ago. In consequence, some of the depositors are said to be growing restless.

Judge and Mrs. Warren C. Johnson and Master Warren, Jr., of Middlebrook, Mo., attended the graduation exercises of the High School in Potosi on Friday. They were the guests of Mr. and Mrs. B. Fox while here.—Potosi Independent.

The city council at its session next Monday evening will designate a Clean-Up Day. The Register hopes and believes that the good citizens of this town will respond with enthusiasm. Due notice of the day and place of meeting will be given.

'Tis a sad story, the tragic and true of Miss Elma Roberts, daughter of Mr. and Mrs. Wiley Roberts of De Ar, who committed suicide by drinking carbolic acid at the White Hotel in that town, where she was employed, last Thursday evening. Our condolences to the bereaved.

Mr. G. W. Hughes and sister, Mrs. Rose Hughes Leach, of Los Angeles, California, arrived in Ironton last Thursday, called here by the serious illness of their mother, Mrs. M. E. Hughes, who, we are pleased to say, is now much improved and promises soon to be in her usual health. Mr. Hughes is now train dispatcher for the Santa Fe at Needles, California, and his family resides in Los Angeles. Mr. and Mrs. Leach are being heartily greeted by friends of the long ago.

Miss Orabelle Vance, daughter of Mr. J. D. Vance of Ironton, who has been attending the Warrensburg State Normal School the past year, recently took out a Regent's Certificate from that institution and has accepted a position in the Liberty Schools, Johnson County, Mo., for the next year.

The Baptist ladies will give a Strawberry Festival at Goff Park, Glover, Mo., Saturday night, June 5th. We will serve Ice Cream, Soda Water, Lemonade and Cake of all kinds. Music furnished by the choir. Everybody invited. Remember the date—June 5th. COMMITTEE. VIRGIL HUFF, Secretary.

Wm. (Skip) Lewis was in town Tuesday evening and informed us that he had sold his farm on Bear Branch, two and a half miles from Annapolis, to James Brown and will leave this week for Winslow, Arizona, to make his future home. Success to him, but we expect to see him back in Iron county before so very long.

Glenn H. Harrison, at present connected with the Missouri Southern offices here, will become cashier of the Bank of De Ar some time next month, due to the retirement of J. L. Strader, whose health has been failing him. Mr. Harrison was at one time connected with the Bank of Piedmont. He is a fine accountant and an agreeable gentleman.—Piedmont Banner.

One Rev. J. T. Ford has been conducting a rip-roaring revival meeting at Pilot Knob the past week. He is said to be an eloquent preacher. The interest was intense and the lambs were hurrying into the fold. When J. H. Strickland appeared on the scene one day with a summons for Ford notifying him that his wife, who lives in Dent county, had instituted proceedings for divorce, charging Ford with many wrongs and gross misconduct. The meeting closed. Ford claims to be a disciple of the Church of Christ.

Merseal and Allee shipped a car load of zinc to St. Louis Monday. The zinc was mined at Mammoth and if it proves profitable hundreds of tons will be mined, as there is an abundance of the ore. The old Mammoth mine has been lying idle for a long time, as the zinc market has not been high enough to pay to mine it and haul it to De Soto, and the lead is not in sufficient quantity. At the present price of zinc, if the quality is good, hundreds of men will be put to work taking out ore.—De Soto Republican.

F. P. Graves was down town Monday and made The News an appreciative call. He feels confident that he will recover his health and also that he will eventually win out in his effort to recuperate from the financial reverses which he has sustained in the past few years. As stated repeatedly in these columns, this community and, in fact, this entire county is intensely interested in the welfare of Mr. Graves, who has endeavored himself to such a large number of our people during his long and active life here.—Farmington News.

I have been favored with the receipt of the following: "The Senior Class of the Arcadia High School requests the honor of your presence at the Commencement Exercises Friday evening, May twenty-first, High School Assembly Room." Enclosed with the invitation was a card bearing the name "Mildred St. Louis." I regret that I was unable to respond to the invitation, but must satisfy myself with extending to the young lady now on the threshold of the every-day world the wish that its best and happiest may be reserved for her future.

The following taken from the Granite City, Ills. Herald of last Thursday tells of the death of Wm. Edmonds, who, some years ago, was a resident of Bellevue, this county. "William Edmonds of 2129 Washington avenue, Granite City, an employee of the National Stamping and Enameling Co., killed himself in his home this morning by shooting himself in the head with a shotgun. He recently suffered from brain fever. He shot himself when his wife was at the grocery store telephoning to relatives in St. Louis. He seated himself in a chair in the kitchen, tied a string to the trigger of the shotgun, and pulled the string with his foot. The top of his head was blown off by the charge. Edmonds was 42 years old, and father of two children."

On Monday evening a Union Teachers' Training Class for all the Sunday Schools of Ironton was organized at the Presbyterian Church. Mr. C. P. Dameron was elected President, Mr. Price Ringo, Vice-President, and Mr. E. L. Atkinson, Secretary and Treasurer, with Dr. Milford Riggs, pastor of the Baptist church, as teacher. The class will meet every Monday evening at eight o'clock at the Presbyterian church for study. A text book was adopted and the first session is called for June 7th. The class is open to all who desire to enter the class and take up this work. The aim is to better equip the class for teaching in Sunday School and those who are interested in this line of work are especially invited to become members of the class.

There is positively no train in this country from the car window. It can be seen more magnificent scenery than from The Scenic Limited, the new, all-steel, through train over the Missouri Pacific, Denver & Rio Grande and Western Pacific between St. Louis, Kansas City, Pueblo and San Francisco. This train gets its name from the marvelous picturesque route over which it travels, and its schedule has been so arranged as to provide day-light rides through the chief scenic centers—along the Missouri, through the Royal Gorge, across the Rockies, over Great Salt Lake and the famous Feather River Canon—a wealth of scenic grandeur that is absolutely unequalled. The Missouri Pacific has just issued a superbly illustrated booklet on The Scenic Limited. Get a copy to-day at the Missouri Pacific Ticket Office.—Adv.

Farmington Times: "Last Tuesday, May 25th, the grim reaper visited the home of E. J. Weber of our city and took his son, Joseph, into the realms of the unknown. The deceased had been a sufferer for several years, being afflicted with a complication of diseases which had been combated in an effort to regain health, but without success. Joseph Weber was born on October 21, 1875, in our city, the son of Mr. and Mrs. E. J. Weber, who have resided here many years. Joseph was in the midway of life, being 39 years, 7 months and 3 days old. He was a host of other relatives and friends, he leaves a father, E. J. Weber; mother, Mary O. Weber; and one sister, Kathleen Weber, to mourn his untimely demise." The funeral services were conducted at his father's residence, where Joseph made his home, by Rev. R. A. Vaughan, after which interment was made in the Masonic cemetery."

Although he has been in office less than three months Mr. B. P. Burnham has already demonstrated that the voters of Iron county may no mistake when they elected him Collector. If he doesn't get the taxes, no one else need try. Just the man for the place.

JULY 13-25.

Ask Your Pastor.

The county authorities and former Collector of the Revenue, I. A. Letcher, are engaged in a controversy over the possession of certain records pertaining to the Collector's office. While Mr. Letcher was collector he adopted a method of making out tax receipts in duplicate form, retaining the duplicates as the receipts were issued. When he went out of office last March he removed these duplicate receipts from the collector's office claiming them as his personal property. Later the county court made a demand for their return on the ground that they were part of the public records of the office, but was refused. Last week M. B. Rhodes, special attorney for the county in the matter, went to Jefferson City and obtained an order from the Supreme Court for the return of the duplicate receipts. He took the receipts to the present collector, and was accompanied home by H. C. Schult, marshal of the Supreme Court, who served Mr. Letcher with the notice on Thursday last, but the books have not yet been returned. We understand the Supreme Court will act upon the Marshal's report on May 31st, and just what the outcome will be, remains to be seen. The duplicate receipts are said to be of no special value, except as an aid in making out the tax receipts for the current year.—Potosi Journal.

From Bishop Hendrix to Rev. Henry.

Dear Bro. Henry—I am looking forward with much pleasure to July 25th, at which time I hope to be with you at the Arcadia Assembly, and have declined an urgent invitation for the same date at Lake Junalaska because of my deep interest in the Arcadia Assembly which is so full of promise to the Methodism of Missouri and Arkansas.

I notice the action taken by the St. Louis Conference as regards the collection of 10 cents per member assessment and its being forwarded to the pastor at Arcadia. This is a matter of prime importance that the hopes of the few noble laymen who have done so much for the Assembly shall not be disappointed in putting it on a solid basis and keeping it there. Now is the best time to attend to this matter as the approaching heat tells of the cool hills of Arcadia where we hope to have another gracious season in July.

Yours cordially, E. R. HENDRIX, Kansas City, Mo., May 22d.

Des Arc Items.

We had more rain the past week than at any time in two years. The St. Francis river was 20 feet above low watermark at Greenville. I was held over there one day. Black river had a 12 foot rise. The Missouri Southern Railroad was badly washed and out of commission for several days. Several traveling men got caught over there. It is damaging the wheat and corn; wheat is taking the rust; still there will be lots of what raised. Corn is looking fine, but full of weeds.

I attended the exercises in the Presbyterian church of our community last Saturday afternoon. It was the best I ever heard in our primary. The children were well trained and rendered their parts well. Miss Essie Tolleson, the primary teacher, won the love not only of her pupils but of the entire community. She is a very successful teacher. We regret very much to lose her, as she proved a great success. It will be hard to fill her place. Her sister, Miss Lora, will be with us next year, and we hope she will be as successful.

The exercises in the other department of our community, which were postponed on account of Miss Elma Roberts' death. They will be rendered Monday and Tuesday nights of this week, and we will give the list of premiums next week.

Miss Rodell Tolleson left Sunday to spend a week with her parents, near Graniteville, after which she will enter the State Normal at Cape Girardeau for the Summer Term. She has accepted a room in the Pilot Knob Knobs schools next year, with an increase in salary, and where she can board at home. She was pleased with her work here. We wish her success.

The closing exercises were held at the College Thursday night. The program consisted of essays, recitations and music—all good. Mr. H. B. Heator and family left Thursday morning for their home at Olive Hill, Illinois. They will not return next year. Prof. Flinn and part of his family will spend the summer in Michigan. They are undecided as to next year. The students have nearly all returned to their homes and there are a number of vacancies in the college.

Our hearts were made very sad last Thursday night when the news spread that Miss Elma Roberts, a daughter of Mr. and Mrs. Wiley Roberts of our town, had taken her life by drinking carbolic acid. She was of a sweet disposition and had many friends here where she was born and reared. The funeral was conducted from the Methodist church, Rev. Wm. Seals officiating, after which she was buried in the De Ar cemetery. A large crowd of sorrowing friends and relatives attended. Our profound sympathy to the bereaved family in their dark hour of sorrow. May God comfort the broken-hearted mother and loved ones!

The following relatives were here for the funeral: Chas. Clifton and mother, Mrs. Polly Huff and son, Edwin, from Williamsville, and Fred Amos and family from Brunot.

Mrs. Virtie Haskiey and children of De Soto are visiting relatives here. Mrs. V. A. Parrieh and grandson, Raymond McKensie, from Piedmont, attended the memorial service here Sunday.

W. J. Pitts and family have returned to their home at Lilbourn, Mo., after a visit here with relatives.

Mrs. O. L. Stevenson and children attended the Memorial Services here Sunday.

Miss Oeta Krimminger, from Piedmont, is the guest of W. E. McKee and family.

Mrs. Chris Poston, from Flat River, is visiting her parents here.

Mrs. Ed Maddock, from Hoxie, is here with relatives.

Lee Dunn and wife, from Sabula, attended the commencement exercises at the College.

Mrs. E. W. Fitz and daughter, Maxine, from Kensett, Arkansas, are visiting relatives here.

Mrs. Chas. Shumaker and little son have returned from a visit to Fredericktown.

Quite a number attended the Memorial Services here Sunday. Owing to the heavy rains of the past week, the country people could not all get here, but quite a crowd assembled, and the sermon was very interesting. A number came up from Piedmont on the train that gets here at 1:15. ISAAC.

The owners of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing her work. The proprietors have secured over One Hundred Dollars for each case cured by this cure. Send for list of testimonials. Address: F. J. CLEVERLY & CO., Toledo, O. Empress of Romance.

You often see mentioned the name of Eugene, once Empress of France, but it is likely that your history is exceedingly vague in your mind. It reads so like an extravagant creation of fiction that an account of her life in the REGISTER's special article this week is something you should not miss.
